## Canterbury School Gardens (Canterbury Public School)

Canterbury School Gardens

March 16, 2014

### Strategy

By the end of 2014 our goal is for the CSG to be a vibrant, educational and productive place, more closely integrated with the School's programs and canteen, with at least 40 school families involved and a small revenue stream established.

### Themes

Projects that will help us achieve our strategy.

Align CSG with existing School programs and educational outcomes

Conduct garden planning, operations and working bees

Communicate about CSG to inform and encourage participation

### Financial

Financial benefits that will result from this theme.

for CSG to be more integrated with class programs

an inclusive, educational and sustainable CSG

engage more school families with the CSG

### Customer/Client

Our customers will experience these things.

greater capacity for involvement and learning

an integrated and inclusive CSG

inform the school community of the CSG plans

### Process/Technology

The process and/or technology changes needed to implement this theme.

liaise with staff, canteen manager and within CSG co...

prepare an annual roster of plantings, maintenance and d...

prepare a communications strategy

### Staff

We'll need to develop our staff in these ways to fully support this theme.

familiarise CSG volunteers with school requirements

more school families volunteering

familiarise CSG members with communications plan
